## A Message From The President

1985-1986 Academic Year

Dear Students and Campus People:

The 1985-1986 yearbook is a chronicle of the major events of the academic year. This book includes pictures of events which thousands of students will remember. Campus life is reflected in the pictures of classes, laboratories, and the many student activities and fun things which occurred.

It is often stated that those who give the most receive the most. The VU yearbook is an attempt to provide a pictorial history of the activities which were important at VU in 1985-1986. Those students' pictures who have participated or given to the various clubs, organizations, performing groups, and athletic teams can be seen. The value of the yearbook is that it provides a collection of memories for all students, and shows the spirit of campus life.

This yearbook has pictures of the campus development which has occurred and the highlights of the academic year's events. I hope the readers of the yearbook will find pictures of the activities which they have enjoyed, and that good memories will result. I appreciate the dedicated work of the yearbook staff, and hope everyone enjoys their "walk down memory lane" as they view the pictures of the 1985-1986 campus events.

Sincerely,

A handwritten signature in cursive script that reads "Phillip M. Summers".

The Hospitality Management Association was founded in 1984 to help students gain a better understanding of the professional and practical requirements of the Hospitality Industry. During the 1985-86 year, H.M.A., for short, was one of the most active clubs at Vincennes University. Jeff Kies is the club's Advisor and officers of the year were: Shawn Niblick, president; Randy Baird, vice-president; Basil Vasilarakos, treasurer; Marisa Chamness, secretary; Terri Schick, banquet and catering manager; and Chris Cooley, campus club manager. H.M.A. during the school year operates a snack bar and a full service banquet and catering operation where the students donate their time.

The H.M.A. has served over a thousand guests. In exchange for the hands-on experience, the H.M.A. tries to extend the VU motto "learn in order to serve." This year in addition to our normal operations, H.M.A. participated in the tube race, Homecoming parade, received the best construction trophy, had fun in Almost Anything Goes, helped with banquets for V.U.'s special guests, colored eggs for the Easter egg hunt, donated time to "Blaze a clean Blazer Trail" on "Mom Carter's Day," as well as various car washes and H.M.A. trips to the state conventions. We were also educated by area experts in the hospitality industry during our bi-monthly meetings. The president hopes that the students enjoyed the year, and that the H.M.A. becomes one of the most outstanding Hospitality Associations in the nation's junior colleges.

# REGISTRATION

## OUT WITH THE OLD

Fall of 1985 was the last time for the arena style of registration. Gone were the long lines, picking up cards and shuffling from table to table. For the spring of 1986 VU began computerized registration, a much faster and smoother style for students, faculty and staff.

## IN WITH THE NEW

# STUDENT SENATE DINNER

At the beginning of each school year a dinner is held for the first meeting of the Student Senate. At this time the administration gets together with students to explain their duties and the importance of their role as a senator. The students share their thoughts and ideas of what they feel should be done on campus. The most important ideas are then analyzed and decided upon by the Executive Council.

# INTERNATIONAL STUDENTS

Vincennes University has a very strong community-based Host Family Program for its International Students. The purpose of this program is to provide a unique experience for community families as well as International Students to develop a relationship with each other during the school year.

The Host Families for International Students plan a number of activities each year the first of which this year was International Picnic at Hill Crest Park on September 7, 1985. The participation and good turnout of International Students and their Host Families is a good sign of popularity of this program.

In March, Vincennes University welcomed, “The Amazing Kreskin” to its campus for an evening of mind-twisting entertainment. This is “Kreskin’s” second appearance at V.U. and was even better the second time around. “Kreskin” is a “Mentalist,” not a “Medium,” or a “Mind Reader” and relies on the understanding and cooperation of his subjects. “Kreskin” has appeared in over five hundred television programs and 88 were on the “Tonight Show”. Again this year, his check was hidden somewhere and again he found it. A great evening was enjoyed by all who attended.
